- Green Purchasing Awards 25th

4. Future Plans

- Developing New GPN Green Purchasing Guidelines(Storage Battery and Disaster Supplies)
- 30th Anniversary Events

Revision of GPN Green Purchasing Guidelines

We develop GPN Green Purchasing Guidelines, which outline key points for purchasers to select environmentally friendly products.

<https://www.gpn.jp/guideline/>

We regularly review our guidelines in light of laws, regulations, and industry trends in environmental considerations.

Our main revision are following;

- a. Lighting: With the discontinuation of fluorescent lamps, our Guideline covers only LED lighting fixtures and LED lamps.
- b. Non-Containment of Chemical Substances (Information Items) :
In accordance with the expansion of substances subject to the RoHS Directive (expanded to 10 substances in 2019), our Guidelines for the 8 applicable fields were revised.
- c. Electric Power and Green Power Certificates Guidelines
-added new items; a procurement policy and sustainable power generation methods of the electricity provider/certificate issuer
- d. CFP and Carbon Offsetting (Information Items)
-added CFP and carbon offsetting to the information items in accordance with the Green Purchasing Law.

2. Enhancement of Product Information Dissemination -Clear Sky Navi Opened

Clear Sky Navi

大気環境に配慮した商品データベース

Clear Sky Navi allows you to search for [atmospheric environmentally friendly products](#), as well as Eco-Products Database.

GPN and Bureau of Environment of Tokyo Metropolitan Government manage this database.

Clear Sky Navi 商品検索方法

We list approximately 250 items!

文具・事務用品

4. Future Plans

-Developing GPN Green Purchasing Guidelines and Holding 30th Anniversary Events

In 2025, we will perform following activities.

a. Developing new GPN Green Purchasing Guidelines(Storage Batteries and Disaster Supplies)

We have currently 24 different GPN Green Purchasing Guidelines in place.

We will add new Guidelines for Storage Batteries and Disaster Supplies next year.

b. Holding 30th Anniversary Events

We will celebrate our 30th anniversary next year.

Therefore, we will hold an event to celebrate the 30th anniversary and promote our activities not only to our member companies but also to non-member companies to promote the spread of green procurement.

Thank you for your attention.
